

Notice of New Program

We would like to inform you that Randy Chang Junior Golf School is going to launch a new program in April 2015, which is **Junior Performance Course (JPC)**.

This program aims to improve the playing ability of our junior members who already built fundamental golf skills while offering a comprehensive curriculum that embraces all they need for their playing abilities. We hope our new program satisfies the needs of our advanced-level juniors and parents.

1. Program Overview

- Combination of group lesson, video analysis, individual lesson, on-course lesson, tournament and consultation with the coach
- The monthly cycle with the following 4 areas:
 - Goal setting: To define strengths and weakness that should be reinforced and improved
 - Task specification: To find out practice & coaching guidelines to achieve the goal
 - Progress check-up: To check if the guidelines work well with the juniors or need to be improved
 - Playing ability assessment: Final evaluation during the tournament
- 4 to 1 junior and coach ratio & up to 8 juniors per class
- Final delivery – video lesson clips, performance checklist and performance report
- Main coach – Coach Brandon & Assistant coach – Reece Williams

2. Program Target
